This revision supersedes the 2016 policy. It clarifies the language and format of the policy, but has not changed the overall intent.

All SWMD personnel are forbidden from scavenging, gathering, or taking any materials while performing their assigned duties. This may include but is not limited to items:

- Placed in a cart or bulky pile for collection
- Tossed on a public/private roadway
- Brought to a drop-off center
- Found on someone's property

Violations of this policy will lead to progressive disciplinary action.
