

ORGANICS KITCHEN BIN

KITCHEN BIN TIPS

- For easy cleaning, line with newspaper or a paper bag.
- Only fill the bin with approved food scraps.
- Keep the lid closed.
- Empty contents regularly.
- Baking soda may prevent odors.
- When full, drop contents in your green organics cart.
- Clean with a mild soap or vinegar & water solution.
- Do not use any chemicals.

DID YOU KNOW

- The material collected from your green cart is taken to a processing facility and turned into compost.
- Composting diverts food scraps and green waste from landfills and turns them into nutrient-rich fertilizer.
- You can get compost and mulch for FREE at your next community meeting. Call (210) 207-6428 or visit sanantonio.gov/swmd to schedule.

AND REMEMBER

- Your green organics cart is collected on the same day as your blue recycle cart.
- Please place all carts no less than three feet apart.

WHAT GOES IN MY GREEN CART?

- Fruits, vegetables & grains
